Keep NYPD and our local leaders up-to-date by reporting incidents to **311** and **911**. The number of calls to 311 and 911 directly affects how many police officers are allocated to our precinct. It is the only way to establish data that addresses quality of life issues in our community. This is critical to help increase NYPD presence in our neighborhoods.

Call 911 for any situation that poses an immediate threat to life, safety, property, or the environment. For all other issues call 311.

- 1) Download the 311 APP from your app store. We recommend uploading a photo whenever possible.
- 2) Access 311 website here: <https://portal.311.nyc.gov/>
- 3) **Call 911 or TEXT 911:** Enter 911 to start texting; wait for prompts and answer the questions as clearly as possible.
